

## Rich Dark Color to Gray Hair

Specialists advise against harmful hair dyes. But why use them when you can bring back the natural, youthful color of your hair? This is accomplished by the action of oxygen in the air induced by this famous preparation. Absolutely harmless. Keeps new gray hairs from showing. Restores old gray hairs to their natural color. At Druggists. They refund price if it fails. Using with hair "Applier" insures more thorough application.—Advt.

## MAYOR BACKS UP COMPTROLLER AS TO TEACHERS' ACTION

Lobbying at Albany Pernicious,  
He Says—Employees  
Can't Run City.

Mayor Mitchell to-day backed Comptroller Prendergast in many of the sentiments expressed by him in his recent attacks on the school teachers.

"The government of the city of New York cannot be run by its employees," said the Mayor, "and the sooner the employees realize this the better it will be for all concerned. The teachers' organizations are beneficial, but the teachers seem to feel that they are the real Board of Education. That is a mistake. It is wrong for employees to feel that they are possessed of the powers and the prerogatives of those who have been duly appointed to supervise."

"Are you opposed to the organizations of city employees?" the Mayor was asked.

"The best way for me to answer that," he replied, "is that anything in the nature of an organization to boost salaries and to bring political compulsion and leverage to bear on the accomplishment of this end on the members of the city government is utterly bad. On the other hand, I think organizations of city employees may bring about many benefits to both the employees and the city if they are properly conducted."

"When I speak of the pernicious work an organization may do I have in mind that an organization of teachers went before the Legislature salary boosting and anti-home rule lobbying."

"When organizations of city employees undertake, through political influence and by threat, to dominate the governments of both the State and the city they become pernicious and a grave menace."

"I agree with the Comptroller that one way to economize is to get more work from employees for the same amount of money."

## NEGRO LYNCHED AND WHITE MAN KILLED BY FIGHTING MOB

Sheriff and Four of His Deputies  
Wounded Trying to  
Save Prisoner.

WINNSBORO, S. C., June 14.—Two persons were killed and Sheriff Wood, four deputies and a number of citizens were wounded here to-day, the Sheriff mortally, while the officers were resisting a mob's attempt to lynch Utes Smith, a negro prisoner. Despite the posse's fight the negro was wrested from them and shot to death by the infuriated crowd.

A white man named Eisenhauer was killed during the exchange of bullets.

Smith was to have been placed on trial here to-day charged with attacking a white woman. He had been held in the State Penitentiary at Columbia for safe keeping. The Sheriff and his deputies, with Smith under close guard, had reached the court house when a mob of armed men attempted to seize the prisoner.

Some one fired at the negro, and the shooting became general and lasted for ten minutes. When order was restored a special train was chartered to take the wounded to a hospital at Columbia.

Adj. Gen. Moore had been notified of the situation and was on his way here from Columbia by automobile bringing a supply of ammunition. It is said that the local militia were unable to aid in maintaining order because they had no cartridges.

**MRS. RATHBONE DIVORCED.**

Justice Tompkins Announces Decision at White Plains.

WHITE PLAINS, N. Y., June 14.—Justice Tompkins, in the Supreme Court here this morning announced the granting by him of a decree of divorce in favor of Mrs. Isabelle Surges Rathbone in a suit she brought against her husband, Robert William Rathbone, Jr., who appeared in his own behalf. The case was tried at Nyack some time ago. Mrs. Rathbone made her affidavit in Kings County. The acts upon which the suit was based were said to have occurred at Laramie, Albany County, Arizona.

## WALL STREET.

Following a day of big transactions in which prices were well maintained, there was a slump in the stock market toward the close this afternoon, followed by a last rally which produced scattered advances. The falling off in the last hour was general and ascribed to a shaking out process rather than to any market weakness. In the waning of the market several war stocks, which had been booming since the opening, experienced amazing reversals. The total of shares sold during the day was 4,468,663.

Several obscure specialties, which in the course of normal events would not figure on the list of transactions for days at a time, were pronounced factors in the trading because their products are in demand on account of the war. Federal Mining, common and preferred, and United States Reduction, common and preferred, both in this class, shot up to within fractional advances of 5 and 6 points respectively soon after the opening. Motor shares were also strong.

United States Steel common opened of a fraction, advanced a point and then dropped back to the opening. After the first hour the volume of trading lessened and prices showed the natural slump that follows heavy liquidation.
